Air pressure:90PSI,6.3bar
Packed by color box

USE

Polish the surface of metal, wood, or other materials to make it flat and smooth

SELLING POINTS

1. High cutting efficiency
2. The machine itself has low vibration, and is equipped with a newly developed rubber sleeve, making it easy to grip and not causing hand numbness
3. Stepless speed adjustment, suitable for various working conditions
4. Comes with a dust collection function, allowing dust to be collected while grinding; dust can go directly into the dust bag, making it more environmentally friendly
5. The machine's dust collection port is universal; if the consumable hose is damaged, it can be replaced with a standard hose from the market, making it more
