Weight:2000g
Drop-forged axe head
Drop-forged hammerhead
Heat treatment,45# carbon steel
Unique design fiberglass handle
Packed by label

USE

Chopping wood, firefighting and rescue, camping self-defense, etc.

SELLING POINTS

1. The axe head is forged from 45# high carbon steel, featuring high hardness and impact resistance. The surface is treated with plastic spraying for an attractive and durable finish. The hammer head has a double-wing design, making splitting objects easier and more efficient.
2. The axe handle is made of a durable and safe rubber-coated fiberglass, which is shockproof, comfortable to hold, and not easy to slip.
3. The connection uses high-quality epoxy resin glue, making it strong, durable, and not easy to come off.
