

- Reflector BOS
- Cube corner 4 mm
- Series RF-OS
- for reflection light barrier
- ABS

General attributes

Application for reflection light barrier
Series Series RF-OS

Electrical attributes

Mechanical attributes

Active surface 4.9 cm²
Ambient temperature Ta max. 60 °C
Ambient temperature Ta min. -20 °C
Housing material ABS
Length 1 19.0 mm

Length 2
Length 3
Mounting type

Sensing face material
Style
Version

6.1 mm
60.0 mm
glue
Screw M4
PMMA
Block, 2 mounting holes
Cube corner 4 mm

Additional text

The reflection degree is maximum with perpendicular beam of light and if the reflector stands in the angle of rotation well for the polarization direction of the light.
